

Fethiye - Marmaris - Fethiye

(7 days, 6 nights)

The cruise offers a bit of everything - idyllic islands, ancient sites and lively places. A true cross section of impressions awaits you.

Start and Finish: Fethiye

The bay of Göcek is a small paradise. Green pine forests and beautiful beaches invite you to relax. Again and again have the opportunity to jump from the boat into the turquoise, crystal clear waters, snorkel or just relax and unwind. Enjoy pure is on the agenda.

The area of Ekinik is known for its ancient sites and the mud bath in Dalyan. A lot of travellers use the bath for a „makeover“. And a very special spectacle is offered from mid-June to mid-August: Then the Caretta turtles lay down their eggs at Turtle Beach. A visit to the mud bath and the Turtle Beach is optional.

A coastal landscape with many rock outcroppings and picturesque beaches characterizes the area around Marmaris. Many of the nearby beaches are among the finest in whole of Turkey. Marmaris itself is a lively tourist metropolis that offers a variety of activities and is a true stronghold of yachts and boats.

On our way there always time to swim and snorkel in the beautiful bays of Cennet Adasi, Kardirga Bay and Göcek. Or simply relax and unwind.
