

## Göcek 12 Adalar

(4 days, 3 nights or 7 days, 6 nights)

The bay of Göcek with its 12 islands is a little paradise – just perfect to relax. Crystal clear turquoise water, green pine forests and beautiful beaches invite to chill out and enjoy your holidays.

**Start and finish:** Fethiye.

On our boat trip we anchor in beautiful bays. Here you may jump overboard, explore the underwater world while snorkeling and swim in the ruins of Cleopatra's bath or Haman Bay. And in Tersane Bay you will find a place to jump into the clear water like Tarzan. It's amazing. Be sure Göcek with its 12 islands will enchant you.

If you like it a little bit more active, take your chance and go for a walk along the coastline. Our captain shows you the most beautiful places to walk – Sarsala Bay, Batik Hamam or Aga Limani.

On the seven day trip you will get the opportunity to delve into the famous mud baths of Dalyan. Try it!

And if you like to enjoy the starlit sky at night or the colorful sunrise in the morning – you are welcome to sleep on deck. The magic of Göcek with its many islands, its bays and incredible colors touches everybody.

### Catering on board
